

# Field Trip 2024-25

**Place: Ravangla, Sikkim**

Date: 30.04.2024 to  
05.05.2024

Number of Participants: 19

---

# Outcome

In 2024 students of Geography (Honours) from Heramba Chandra College visited Ravangla in Sikkim for field survey. Objectives were to study the geographical, geomorphological and environmental condition of Ravangla. The study of socio-economic conditions of Ravangla with the help of some chosen parameters as prepared in the format of questionnaire is another major objective. Other objectives include identification of interrelationship and interdependence of physical environment and socio-economic conditions; to examine the present level of human development, urbanization, infrastructural development of Ravangla.
