

INTERNSHIP TRAINING PROPOSAL

Prepared by : Amitava Chakraborty
Databits Tecnologia
Contact: 6290703325

Our Proposal

We understand how hard it is to find the right corporate training partner and we're glad to know that you have given a chance to Databits Tecnology to work with you on your project.

We're a team of professionals and do our best to satisfy our clients' needs and expectations. Our team consists of trainers with more than 8+ years of operational experience and they are all located in our office in Kolkata and PAN India

We have a long list of successful projects with brands located in West Bengal and PAN India. We understand your regional specifics and are excited to work with you.

We have listed some of our best work in the Proposal. You'll see which companies we have worked with and what type of trainings we've performed for them.

Thank you very much for considering our offer!

About Us

We started as a couple of fresh out-of-the-college programmers and managed to build a team that is now one of the most reputable agencies in Kolkata.

We have done an innumerable amount of training during the past 20 years of our journey. Big and Small. Easy and Complex. Paid and pro bono.

We are never afraid to fail if this will lead us to learn something new and expand our professional and personal horizons.

We believe that communication is crucial for the successful completion of our projects. This is why we listen carefully to our clients and we welcome their feedback on every stage of training process. Our project managers will be available to discuss your questions and suggestions at any time, via phone, email, or in person in our office at our office address.

Project Scope

Databits Tecnology have put together a customized module for training as per inputs given by client and Databits Tecnology will ensure training, hands-on sessions, examination, and certification for the candidates.

Databits Tecnology has extensive experience with companies from your industry, which puts us in a position where we can bring much more to your project than any other corporate training partner.

AND

Databits Tecnologia having its registered office at 322, Dr. H.N. Mukherjee Road, New Barrackpore, Kolkata - 700131 represented by Mr. Amitava Chakraborty, Educational Partner, herein called as Project Implementing Agency of Skill Development Training Programme.

Profile of Bhangar Mahavidyalaya : Bhangar Mahavidyalaya is a Degree College of general higher education, situated in Bhangar Block I, Bhangar P.S., Baruipur Sub division under South 24 Paraganas District, West Bengal. Excepting Sushilkar College (27 kms), Sonarpur Mahavidyalaya (30kms) and Baruipur College (39 kms) in its South West, Barasat College (40kms) and Derozio Memorial College in North West, Kalinagar College (80kms) and Hazi Desarat College (90 kms) in the South East, Bankim Sardar College (50kms) in the South and Kolkata College (at 30 kms); in the West are Humayaun Kabir Mahavidyalaya, Jibantala Royka Mahavidyalaya, there are no other colleges. The truth is that a vast area had been deprived of any institution of higher learning for a long time. Economic hardships and commuting problems only added to the woe and a number of students otherwise seeking higher education were stalled in their pursue of higher education and things were more difficult for the girl student. With establishment of Bhangar Mahavidyalaya, a large vacuum was filled and a large number of students got the opportunity to walk the path leading towards higher education; the students ventured on foot, cycle, bus or trekker availing the chance. In due time, the road network became better with the high profile Kolkata Leather Complex developing some 16kms away from the college and development also happened in the form of Basanti Highway that connected Dhamakhali, Kanmari and Malancha in the East; Champahati, Sonarpur and Baruipur in the South West and the growth of Rajarhat New Town in the North added to the smooth communication. The college owes its existence to a local NGO (Bhangar Unaynee) where the leadership was provided by Abdur Rezzak Molla, the illustrious political personality of the area towards establishing this college. The initiative started ceremoniously in 1995 and the foundation stone was laid in 1996. The needed land was donated by the Irrigation Department, Government of West Bengal through Bhangar 1 Panchayet Samity. While the South 24 Paraganas Zilla Parishad and the local M.P. Sri Ajoy Chakraborty extended financial assistance to the tune of 21 lakhs, the overwhelming masses of the locality came forward in large numbers with whatever assets they might have had be it money or materials or even free labour in fulfilling the long cherished dream of having a Degree College of their own.

Profile of Databits Tecnologia: Databits is a leading IT training institution that has been shaping the careers of thousands of students in Bengal since 2010. Founded by eminent IT professionals and educators, DATABITS TECNOLOGIA offers cutting-edge IT training, skill development, and grooming services to help students succeed in the knowledge economy. DATABITS TECNOLOGIA also provides multi-disciplinary vocational and skill development courses that equip students with real-life skills for employ ability and entrepreneurship. DATABITS TECNOLOGIA is supported by IT industry experts from around the world, including prominent IT professionals from the USA and retired government officials. In addition to IT training, DATABITS TECNOLOGIA also has a wing that provides direct employment opportunities to its students in its own IT/ITeS application development unit. DATABITS TECNOLOGIA development wing specializes in web application development, UI design, mobile application development, CMS, customized e-management systems, e-commerce solutions, SEO, corporate presentation, digital documentation, and many more.

1. The Objective of the Partnership: The partnership with Databits Tecnologia, under the Community College Scheme Unit of Bhangar Mahavidyalaya, aims to provide exclusive Professional Training with internship to students
